OPEN LETTER TO THE COLLEGE COMMUNITY

Health is something which effects all of us
but which we tend to take for granted.

An informal committee of interested college
members has been meeting this spring to dis-
cuss immediate and practical ways of promoting
health and fitness in the campus community.
Information has been shared about resources
available for health promotional activities.

The committee, consisting of Marilyn Smith
and Sandra Carpenter from Counselling and
Student Services, Chris Johnson from Fine
Arts and Win Matheson from Health Services,
has presently tabled their activities. In
late August or early September, a general
notice will be sent out inviting anyone
interested to discuss the area of Health
Promotion and propose a standing committee
to plan and coordinate activities. The
committee might be composed of representa-
tives from among faculty, staff and students.

The committee has done several things
already this year to start the ball roll-
ing.

A memo has been sent to the Principal re-
questing that juice or some other nutri-
tious alternative be available in addition
to the ever-present coffee at meetings.

A proposal was submitted to the college-
wide Personnel Development Committee
that activities be planned to emphasize
the health and fitness of all partici-
pants. Though no extensive activities
were incorporated into the May plans,
Chris Johnson will be offering a step-
test for those of you who want to find
out how fit you are.

Chris Johnson has met with the Principal
to design a submission to the Minister
of Recreation and Leisure regarding
community college programs for preventa-
tive health practices.

Also discussed by the committee was a
memorandum to be sent to the Snack Bar
on each campus requesting inclusion
of more nutritious snacks on their
menu.

The Student Services Division, in
co-operation with Health Services
and Chris Johnson held a Professional
Development Day on March 11 to dis-
cuss what we could all do to promote
our own health and that of our students.
Served for lunch was an excellent and
nutritious meal including yogurt,
alfalfa sprouts and lots of juice.

If you appreciate the work the committee
has been attempting, we hope you will
plan to come to the fall meeting with
your support and suggestions.

If you have any information at this
time you think might be helpful, send
it along to Sandra Carpenter, Surrey
Campus, or phone local 268.

Campus Bulletin Boards

General

Notices will be posted only on
Bulletin Boards. ALL others will
be summarily removed and destroyed.

Accessibility

Every person, whether a student, a
member of the general community,
faculty, or staff wishing to post
a notice will present it to the
Campus Supervisor (or delegate--
Receptionist) who will date stamp
the notice and post it. Exceptions
will be:

Instructor's notices
Student Activity notices
Student Placement notices

Posting and Removal Date

Duration of posting will normally
be two weeks for all notices or
date of occurrence.

NOTE: All campus handymen have
been instructed to follow para 1
above.

Campus Supervisors

The following films have been received
and are available for loan through the
library: 

WHERE IS DEAD

The film depicts a close relationship between a young brother and sister and expands this relationship to include the family - mother, father, and grandfather. An auto accident, which takes the life of the brother, David, thrusts grief upon the family and plunges his sister, Sarah into a struggle for understanding and adjustment that is the focus of the action.

EVERYBODY RIDES THE CAROUSEL PT.3

EVERYBODY RIDES THE CAROUSEL is an animated film that describes and dramatically illustrates what is perhaps the most influential theory of personality development from birth to death - that of the psychoanalyst Erik H. Erikson. The "Carousel" and its "eight rides" serve as metaphors for life and its eight basic stages as outlined in Erikson's theory. In this, the third part of the series, the last two stages are presented: grown-ups and old age.

TRIGGER FILM ON AGING - TAGGED

TAGGED shows an old lady sitting rocking in a chair with a "tag" attached to the arm while moving men all around shout and carry furniture, all of which is tagged, ready for an auction.

TRIGGER FILMS ON AGING - DINNER TIME

DINNER TIME is silent and shows an old lady alone in her home preparing her evening meal. The home is comfortable, but the meal is just tea, toast and cottage cheese.

TRIGGER FILMS ON AGING - THE CENTRE

THE CENTRE shows a group of older people playing cards in a community centre, while young people are kicking up a racket in another room. It is mostly just shots of the expressions on the various faces.

TRIGGER FILMS ON AGING - MRS. P.

MRS. P. shows a black woman who has arthritis but works with children and enjoys it, and her boss who is having to decide to fire her because her disability is inhibiting her from carrying out her work properly.

TRIGGER FILMS ON AGING - TO MARKET, TO MARKET

TO MARKET, TO MARKET is a silent film showing an old lady in a supermarket comparing prices and goods.

Re: HUMAN SKELETAL MATERIAL

If any of the Douglas College instruction disciplines have a requirement for human skeletal material within the foreseeable future, please contact M. M. Endacott, Purchasing Dept.

The Indian Government has placed a world-wide embargo on the exportation of human skeletal materials, unilaterally and retroactively, effective May 28, 1976. This action has placed these items in a progressively "unable to supply" position. If we have a requirement in this area, I would suggest placing our orders as soon as possible.

The alternate is to order the molded plastic skeletal materials.

From: Janice Friesen
Circulation Librarian
Re: Reserve Lists

The deadline for submitting reserve lists for the Summer semester is May 10, 1977. The reserve forms are available at the circulation desk in each campus Library. Please give complete information on the forms to ensure speedy processing.

Please also be reminded that the reserve deadline for the Fall 1977 semester is August 10th. We wish to process the majority of the reserves before Sept. 1 in order to respond to emergency requests and the needs of sessional faculty. If the deadline is not met, processing of reserves could take as long as three weeks.

LIBRARY HOURS

The college libraries will resume summer hours immediately following the last day of examination week, May 5. Summer hours are Monday through Friday, 8:30 - 4:30. Special late openings to serve summer students will be announced when plans for the summer term are finalized.

The libraries will all be closed for the division's professional development period, Monday and Tuesday, May 16 and 17. Please contact me if it is essential that you use the libraries on these dates.

---Derek Francis, Convenor,
Libraries Division
